

**AS OUR PHOTOGRAPHER** shoots his photos, David laughs at him! Can you imagine having someone photograph you, as you combed your hair in the morning? Kind of a weird experience!

**IT'S IMPORTANT** that David's hair look almost exactly the same each day because they may be working on a scene from the day before. That's why he washes it every day!

**ALMOST FINISHED**, David puts the last finishing touches on his hair. It's all dry now, fluffy, clean and looks super — don't you agree? Right on!
